

An Insider Revolt Against the Out of Control DSM, Psychiatry, and Big Pharma

A Groundbreaking Book by Dr. David Kaiser

In his groundbreaking book, Dr. David Kaiser exposes the truth about the DSM, psychiatry, and Big Pharma. Drawing on his own experiences as a psychiatrist, Kaiser reveals the devastating impact of the current mental health system on individuals, families, and society as a whole.

Kaiser argues that the DSM, the diagnostic manual used by psychiatrists to diagnose mental disorders, is deeply flawed. He shows how the DSM has been corrupted by the influence of Big Pharma, which has led to the overdiagnosis of mental disorders and the overprescription of psychiatric drugs.

Saving Normal: An Insider's Revolt against Out-of-Control Psychiatric Diagnosis, DSM-5, Big Pharma, and the Medicalization of Ordinary Life by Allen Frances

Kaiser also exposes the cozy relationship between psychiatry and Big Pharma. He shows how psychiatrists have been paid millions of dollars by drug companies to promote their products and how this has led to a dangerous conflict of interest.

The result of this unholy alliance between psychiatry and Big Pharma is a mental health system that is out of control. Kaiser tells the stories of countless individuals who have been harmed by the current system, including people who have been misdiagnosed with mental disFree Downloads and prescribed harmful drugs.

Kaiser's book is a powerful call to action for change. He offers a number of concrete steps that we can take to reform the mental health system and put an end to the out of control DSM, psychiatry, and Big Pharma.
