John Smith was born with a disability that made it difficult for him to walk and talk. But he didn't let that stop him from living a full and happy life.

In his new book, *Tales From The Back Row*, Smith shares stories from his childhood, his family, and his experiences as a teacher and writer. The book is full of humor, heart, and wisdom.

Smith writes about the challenges he faced growing up with a disability. He was often teased and bullied by other children. But he also found support from his family and friends. He learned to accept his disability and to see it as a part of who he is.

Smith's stories are not just about disability. They are about the human experience. They are about the joys and sorrows of life, the importance of family and friends, and the power of love.
