In the sleepy village of King's Abbot, a shocking murder has occurred. The victim is a wealthy landowner, Sir George Carmichael, and the weapon is a fourpenny axe. Inspector Battle of Scotland Yard is called in to investigate, and he soon discovers that the case is more complicated than it seems.

Sir George was a cruel and overbearing man, so there is no shortage of suspects. His wife, Lady Carmichael, is a cold and calculating woman who may have had her own reasons for wanting her husband dead. His daughter, Carla, is a beautiful young woman who is engaged to be married to the local doctor. But is she as innocent as she seems?

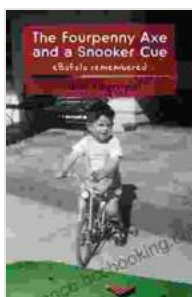

Inspector Battle also investigates Sir George's business associates, including the enigmatic Mr. Amberiotis, who has a shady past. And then there is the mysterious snooker cue, which seems to have played a role in the murder.

As Battle delves deeper into the case, he uncovers a web of secrets and lies. Everyone in King's Abbot seems to have something to hide, and no one is willing to talk. But Battle is determined to find the truth, no matter how difficult it may be.

The Fourpenny Axe and Snooker Cue is a classic Agatha Christie mystery that will keep you guessing until the very end. With its complex characters, intricate plot, and surprising twists and turns, this is a book that you won't be able to put down.
