

Two Nations: Black and White, Separate, Hostile, Unequal

A Must-Read Exploration of America's Racial Divide

In his groundbreaking book, *Two Nations: Black and White, Separate, Hostile, Unequal*, John B. Judis paints a grim picture of the state of race relations in America. Combining historical analysis, sociological research, and powerful storytelling, Judis argues that the United States is not one nation, but two: a white nation and a black nation, living side by side but separated by a chasm of inequality and distrust.

Judis begins by tracing the history of racial inequality in America, from the days of slavery through the Jim Crow era and into the present day. He shows how the legacy of racism has created a system of segregation and discrimination that continues to hold back black Americans in every aspect of life, from education to employment to housing.

Judis also explores the psychological and social consequences of racism. He shows how it has created a culture of fear and mistrust between blacks and whites, and how it has led to the rise of a black underclass that is trapped in a cycle of poverty and violence.

The result of all this is a nation divided, with two separate and unequal societies living side by side. Judis argues that this division is a threat to the very fabric of American democracy. He calls for a new era of racial reconciliation, but he also warns that this will not be easy. The legacy of racism is long and deep, and it will take a concerted effort from all Americans to overcome it.

Praise for Two Nations: Black and White, Separate, Hostile, Unequal

"A must-read for anyone who wants to understand the state of race relations in America today." - Ta-Nehisi Coates

"A powerful and unflinching look at the challenges facing the nation." - The New York Times

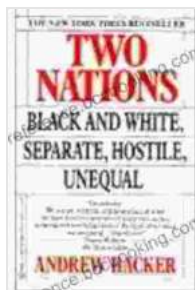

"A landmark work that will shape the debate on race for years to come." - The Washington Post

About the Author

John B. Judis is a senior fellow at the Center on Budget and Policy Priorities. He is the author of several books on politics and social policy, including *The Emerging Democratic Majority* and *The Republican War on Labor*.
